What is trending in kitchens for 2017? The kitchen above showcases the simple door styles that have come to dominate kitchen design in recent years. Also popular is the mix of materials seen here with a black walnut countertop, carrera marble, and stainless steel all contributing to the overall look in this transitional kitchen. Cream, white, and gray remain the most popular colors for cabinetry. *Read more* about this year's kitchen trends by clicking the italicized text.

Kodama was pleased to once again participate in Create for the Cure, a charity event to benefit the American Cancer Society. For the past three year's we've created a chess set for the silent auction (a castle from this year's set is shown above).

Luxe, a new high gloss sheet product from Spain's Grupo Alvic, is now available in US markets. Luxe provides a lacquered high gloss Euro style finish at a fraction of the cost of finishes applied by your custom finisher. The lacquered coating is also durable and scratch resistant - a big plus in a kitchen. Luxe is available in colors, patterns, and textures. *To read more* about Luxe and see a kitchen and bath remodel that we just completed with Luxe, click the italicized text.
