*The* New York Times best-selling *The Boys in the Boat* chronicles the gold medal win of nine American rowers in the 1936 Berlin Olympics. Written by Daniel James Brown, the book inspired a PBS documentary, and was optioned as a film by the Weinstein Company. Kodama crafted these faux rowing shell bars with stool seating for party in Orlando that celebrated the release of the book. *Read more* about the book, the event, and party props by clicking on the italicized text.

How big should your custom dining table be? That depends on a number of factors - including the size of the room, how many people you'd like to seat comfortably, and the type of seating you plan to have (benches or chairs, for example). Our blogs on custom tables can help you sort through the details. To *read more* tips for designing the perfect table for your space, click the italicized text above.
